Document Body

PURPOSE

This SOP defines how Brightly communicates with contractors and how work is scheduled, assigned, and confirmed.

TOOLS

Connecteam — all job scheduling, task checklists, time tracking, and photo submissions

WhatsApp — internal team communications, urgent notifications, photo sharing

All contractors must have Connecteam and WhatsApp installed and notifications enabled

SCHEDULING

Jobs are created in Connecteam by Brendan Parker or Jessica Cowell (head cleaner)

All contractors must accept or decline jobs within 2 hours of assignment

If a job cannot be accepted, notify via WhatsApp immediately — do not leave it unactioned

Schedule changes within 24 hours of a job must be communicated by phone call, not message

JOB CONFIRMATION

Contractors confirm attendance by clocking on in Connecteam at the start of each job

Clock-off in Connecteam at job completion — before submitting photos

Any late arrival (>15 mins) must be communicated to head cleaner via WhatsApp before the scheduled start time

COMMUNICATION STANDARDS

WhatsApp group is for operational comms only — not general chat

Respond to all operational messages within 2 hours during business hours (7am–6pm)

Urgent issues (on-site damage, access failure, safety) — call Brendan Parker: 0418 878 707

No client or operator contact details are to be shared externally

UNAVAILABILITY

Notify Brendan Parker of unavailable dates as early as possible — minimum 72 hours notice for scheduled jobs
